Swansura – New Products: Client Checklist

Nov 3, 2026 · @Gibson

Summary

Every product in your Fragrance Data sheet is now live on swansura.com, except 2 Deyga items that have no price. We need four things from you: photos for 40 products, answers on 13 product details, 2 prices, and stock levels when you have them.

- **202 new products** went live on 2 Nov 2026 (196 perfumes + 6 Vilvah items), at your sheet prices, with SEO titles, descriptions and brand pages. They show as sold out ("Notify me") until you enter stock.
- **19 older drafts** from the sheet (Maison de Milan, Chris Adams, Game of Spades, Rihanah) are now live too. Al Haramain Amber Oud Ruby has its 60ml size.
- **162 of the 202 now have photos** from your Drive folder (597 photos, bottle shot first, each with its own alt text). The other 40 show a "Photo coming soon" card.
- **21 titles were corrected** where the box or bottle showed a different name (next section).

Please send: photos for 40 products

The Drive folder has no photos for these, so they show "Photo coming soon". A plain bottle shot plus 2–3 more per product is ideal; folder names like `Brand/Product name` make matching easy.

Prices and stock

- **2 Deyga products need a price** before they can go live: Deyga Anti-Dandruff Hair Oil 100ml and Deyga Baby Bath Bar 130g. Both are ready as drafts with their full ingredient lists.
- **69 existing products have a different price** in your new sheet than in the earlier one, e.g. Al Haramain Amber Oud Black Edition 100ml £41.99 → £39.99 and Amber Oud Gold Edition 60ml £29.99 → £32.99. The live store still uses the earlier prices. The full list is the 'Price changes (69)' tab of the merged sheet; tell us which prices to use and we will update them.
- **Stock:** all 202 new products are at 0, so they show "Notify me when back". Enter stock in Shopify (Products → Inventory) and they become buyable straight away.

Photo notes (no answer needed)

Many Drive images look AI-generated, especially the lifestyle and ingredient scenes. They are uploaded, but real photos sell better and avoid customer complaints if the product looks different. Worth replacing first: Inaaya (Amal, Sameer, Shajah, Jasim), Armaf Private

Key range, Franck Olivier Magic Blossom (liquid colour changes between photos) and Red Addict (one darker photo).

- **Low resolution:** Natural By Woods Sun, Earth and Bloom, and Inaaya Jasim; please send larger files (at least 1,000 px).
- **Not used:** Drive folders for products that are not in the store (Versace ×8, Lacoste, Asdaaf, Lattafa Moi, Natural Woods Secrets). Tell us if you want any of them added.
- **Two sizes in one listing:** Guess Pink, Seductive and Seductive Blue body mists and Franck Olivier Eau de Parfum show photos of both sizes; each photo's description says which size it is.
